**ATTENTION!** ⚠️ Due to the latest Apple patch, device notifications, FaceTime, and iMessage won't work in this release. We are working on fixing this issue. ⚠️

- If you've ordered a license for iPhone XR/XS/XS Max up to 15 Pro Max or new A12+ iPads, you'll need to **wait for an order completion** response for 12 to 72 hours before you can start using the software. Usually it takes less than 24h!
- All batches typically respond the next day after noon UTC +0. Please note that there may be delays on Sundays and certain holidays.

**NOTE:** The A12+ iCloud bypass orders are non-refundable until your order has been processed!

**Note:** We notify our clients about the readiness of the order queue on our **Telegram channel**. You can also get order status information through our Telegram Bot by simply indicating the IMEI number of your device to receive its complete status.
